The ideals of delivering unmatched quality and service coveted by founders M. Kenneth and Marie Morse continue to drive the success of our business today, as they have been passed down and nurtured through multiple generations of family.

Today, Morse is led by their daughters, Nancy Morse Sonner and Sally Morse Dale, and the value of family is at the heart of every employee and customer relationship. The third generation of the Morse family, Meagan Sonner-Martino and Lisa Dale Holbrook, work side by side with their mothers and spouses to ensure the company's forward momentum.

It takes grit and drive to keep a multi-generational business positioned for continued growth. We've embraced these attributes to help our distributor partners succeed in delivering quality cutting solutions to end users.
