

TCR

HEAVY DUTY AIR HOIST

KITO[®]

100% quality, 100% of the time.

If you need a hoist with 100% duty ratings, fine-feathering controls, and quiet operation, the TCR is for you. Lift all day and all night with this workhorse. Smooth starts and stops with variable-speed operation provide extremely accurate load positioning and control. Put this hoist on the top of your list when you need productivity and precision for years on end.

1 Unlimited Duty Cycle

The TCR air hoist is built for long and demanding work shifts. With its unlimited duty cycle, you can continually operate the hoist without worrying about damage from too many starts per hour.

2 High-Strength Cast-Iron Housing

Proven to be resistant in harsh environments, the TCR's high-strength cast-iron housing provides a rugged body that stands up to the toughest demands.

3 Very Fine Feathering Control

The spring-loaded, multi-vane motor design lets you place and position a load exactly where you need it. Gradually control the lift with very fine feathering movements both up or down.

4 Pre-Set Load Limiter

Protect the hoist and operator while avoiding downtime. The TCR's adjustable, built-in load limiter is pre-set to stop lifting when the load capacity is over-rated, which keeps your job site safer.

5 Reduced Noise Levels

An external muffler gives you quieter operation and dampened noise levels with no load. The TCR's air-tight body contributes to its comfortable noise levels and makes efficient use of air.
