

**Part Number**

V85024 - Confined Space Kit that includes 7' tripod, 3 way 60' (18 m) galvanized cable SRL and carrying bag

Description and Performance

Sellstrom offers the new Peakworks™ Confined Space Kit that includes the unique adjustable tripod. The new Peakworks Tripod offers a built-in pulley system that positions the wire rope cable directly over the center point above the head assembly of the tripod. This feature allows for superior operator balance when lifting or lowering a person and also allows for increased head room over traditional “below the head” pulley systems. The adjustable aluminum legs include swivel steel feet with non-slip rubber bases. Safety chain and tripod transport bag included.

Standards Compliance

Meets or exceeds ANSI Z359.1, ANSI A10.14 and OSHA strength requirements for anchorages (5,000 lbs. (22 kN) static load), CSA Z259.15

Materials**Tripod**
3 way SRL

High strength aluminum legs, steel feet with non-slip rubber bases
Cast aluminum housing with 60' (18 m) galvanized steel cable and steel swivel snaphook with load indicator

Capacity**Tripod height**

310 lbs. (141 kg) - single use only
Adjustable height - 7-ft (2m)
